Dear [Redacted]

STAT

At my meeting with Mr. Spokin on March 11, 1985, I requested the unexpurgated copies of all communications and information that the Central Intelligence Agency possessed on Dr. Josef Mengele.

As we discussed, the Attorney General designated the United States Marshals Service as the investigative agency, responsible for locating the whereabouts of Dr. Mengele. This information is needed to further our investigation, and will be closely held and protected within this agency in conformance with all requirements and regulations for handling of classified documents. Upon notification of the availability of these documents, I will dispatch a courier to hand carry them to my office. Your assistance in this matter is appreciated.

Sincerely,

HOWARD SAFIR
Associate Director
for Operations
